comfortable

Besides aesthetics - comfort, space and budget are all factors that need to be taken into account when planning school furniture. For schools looking to optimise their furniture budget, Postura is an affordable way to introduce ergonomic seating to the classroom. The innovative design provides excellent stability helping to prevent rocking and tipping.

Studies show that students between the ages of 13-18 years spend 78% of their time sitting down. That's why Postura is the ideal classroom seating solution.

strong

Moulded from impact resistant polypropylene, the Postura+ chair has gas injected legs to reduce weight and increase strength. Fully BSEN 1729 compliant and certified by the Furniture Industry Research Association (FIRA), the chair is also UV protected and has low flammability levels having been tested and certified to Crib5. 10 year warranty.

Postura is stain resistant, antistatic to reduce dust adhesion and easy to clean.

All Postura seats have a 10 year warranty.

LEED certified

FIRA certified

Superior ergonomics makes all day sitting more comfortable.

Smooth 'waterfall edge' behind knees promotes good posture.

Anti rocking design on legs.

Lower back design provides ventilation to the spinal area

Unique Postura design is easy to clean

Gas injection on legs increases strength

An upholstered pad not only offers longer seated comfort, but the use of fabric can also create vibrant designs and textures that stimulate students in an Education environment.

The strong, simple linking mechanism helps create rows of chairs easily and quickly.

* seat pads and links are offered on selected sizes

Create your own unique colour of Postura+ that can be matched to RAL, Pantone and NCS colour reference systems. Minimum order quantity applies.

"And above all, watch with **glittering** eyes
the whole **WORLD** around you because the
greatest secrets are always **hidden** in the most
unlikely places. Those who don't **believe**
in **magic** will **never** find it."

Roald Dahl

Postura+ easily stacks for compact storage when not in use.
Chair transport dolly available.

Postura+ family

Superior ergonomics combined with great practicality

Designed to promote good posture and provide exceptional comfort, these vibrant chairs are durable, light, stain resistant, antistatic and easy to clean. The task chair is the perfect choice for IT classrooms and multi-purpose rooms where mobility is required while the lightweight, easy stacking design of the stool makes it the perfect solution when space is at a premium.

- High impact resistant polypropylene shell
- Perfect ergonomics with waterfall seat edge
- Task chair with gas adjustable seat height
- Three popular seat heights on high chair and stool
- BS EN 1729 Part 2, BS 5852 (Crib5) certified
- 16 polypropylene colours

Made in the UK | 10 year warranty on seat shells

Chairs & Table Sizing Guide

The British and European Standards for “chairs and tables for educational institutions” were approved in January 2007. BS EN 1729 Part 1 (functional dimensions) ensures furniture is the appropriate size, shape and ergonomic design to maintain good posture and reduce RSI and back pain in students. The size mark indicates which fixed seat heights and tables heights are suitable for the student’s age.
